20th Annual Gerontology Workshop Series

Webster University's mission is to educate students to be lifelong, independent learners within a global community characterized by economic interdependence, uncertainty and emerging values. The University is pleased to present the Twentieth Annual Gerontology Workshop as a part of its commitment to the community and as a way to provide lifelong learning opportunities.

Health care is on the mind of every American. This is a particular concern for older adults and the people who care for them. According to the U.S. Administration on Aging, by 2030, there will be about 71.5 million older persons, more than twice their number in 2000. People 65+ represented 12.4% of the population in the year 2000 but are expected to grow to be 20% of the population by 2030. Professionals in every discipline can benefit from specialized training in gerontology and gerontologists are stepping in as essential members of the health care team for older adults.

The Twentieth Annual Gerontology Workshop at Webster University is designed to enhance the dynamic collaboration between gerontology and health care with presentations and conversations that will advance the quality of care across the lifespan and across every profession and discipline. Spend the day learning ways to promote your own health or the older adults you care for or work with in your profession. See how advanced training in gerontology can make a difference.

For more information contact Debi Aholt at 314-968-6970 or aholtda@webster.edu

Those who should attend the workshop include:

- Any adult interested in optimal health and well being for any older adult
- Professionals working with senior clients
- Current & former Webster University Gerontology students
- Anyone interested in the Webster University Gerontology Masters Program

All attendees will receive Certificates of Completion.

This one-day workshop and discussion will provide participants with valuable information and tools to increase collaboration for health care especially for seniors.

Celebrate National Careers in Aging Week April 13 — 19, 2008. Call if you are planning an event. Information about all events will be available at the workshop.

The workshop will be held on Friday, April 4, 2008, at Webster University's Sunnen Lounge at the University Center, 175 Edgar Road. The fee for the day-long workshop is \$50.00 (\$25.00 students & seniors) and includes coffee, continental breakfast and lunch. Registered participants may also reserve exhibit space for an additional \$25.00.
